The Unisex Mono Shell Trousers with extra long leg length are made of recycled polyester. The trousers are designed to be part of the circular textile industry, where the product at the end of its life can be further processed for recycling.

Waterproof, windproof and breathable, the trousers are made in durable materials providing optimal weather protection and maximum comfort.

Extra long version of [style 95580](#).

The shell trousers in the Mono series have many reflector details for enhanced traffic safety and slimmer thighs and leg width for an improved fit.

5-year replenishment guarantee
